

MILAN

QUALITY Semi-Aniline

HIDE SIZE (Av) 2.25 sq metres

THICKNESS 1.4 – 1.6mm

MILAN is one of the more unusual leathers in the Contemporary Leathers Collection. This leather is made from plantation waterbuffalo rawhides.

With its distinctive natural grain MILAN is one of the most individual leathers available in Australia. The slightly higher gloss level is achieved by hand-polishing, one of the old fashioned methods still used to gain such a sophisticated appearance.

As a Semi-Aniline, MILAN has a very fine pigment applied to its surface that increases the leather's resistance to colour change that is caused by exposure to sunlight. This protection also enhances the leather's wearing qualities, without losing its soft handle.

MILAN is available in a wide range of contemporary colours. It has a good sitting comfort and all the natural hallmarks of quality that distinguish it from Corrected-Grain leather.

Characteristic	Test Method	Test Results	
COLOURFASTNESS TO TO-AND-FRO RUBBING	EN ISO 11640 EN ISO 11641	Dry Wet Perspiration	4-5 5 5
COLOURFASTNESS TO LIGHT	EN ISO 105-B02	5

ENVIRONMENTAL FEATURES For details on our EIS criteria, please refer to our website	<ul style="list-style-type: none"> • Rapidly-renewable / agricultural by-product • Environmentally Improved Production Process : no hazardous substances such as pentachlorophenol (PCP), polychlorinated biphenyls (PCBs), formaldehyde, benzidine, hexavalent chromium, cadmium and chlorofluorocarbons (CFCs) are used • Certified as low-VOC, meeting the Green Star emission requirements. Test report available upon request. • Reusable 		
CARE	<ul style="list-style-type: none"> • Avoid placing leather in direct sunlight, weather and at least 60cm from heat source • Do not use harsh chemicals, shoe polish, saddle soap or unidentified leather cleaners, solvents and oils • Keep free of dust and grit. Dust before cleaning. If vacuuming use soft attachment. • Gently remove all spills immediately. Do not scrub or rub hard. • Regularly clean contact areas such as arms and head rests to avoid build up of perspiration and body oils, which may discolour leather. • We recommend professional cleaning with specialist leather cleaners and conditioners in strict accordance with manufacturer's instructions 		

The use of this symbol indicates that MILAN has been tested by accredited, independent laboratories and met or exceeded the performance guidelines for SEMIANILINE as determined by the CLA.
